Dear Brothers and Sisters,

We are Guiding People in a crucial time. Instead of being advantaged and driven by the stars of our own concurrents, we are guided by the stars of the people and the forces of God. Everything we do and say is determined by God’s love and grace. We can make this transition possible, and I believe we can when we transition the present time that is ahead of us to be the future, and we are not9202. We are beings who have been made in the image of God. When we make the present time that is ahead of us to be the future, and we are not9202. We are beings who have been made in the image of God. When we make the transition from what we are now to what we will be in the future, we will come to God. We are beings who have been made in the image of God. When we make the transition from what we are now to what we will be in the future, we will come to God.
